Which of the following statements best describes how you feel about the location of business development rezoning?

- I feel business development should be limited only to within the hamlet.
- I am in favor of allowing business development outside of the hamlet.

\* Comments: We need to ~~not~~ <sup>have</sup> absolutely no expanding of business outside the hamlet! Maybe it can be readdressed in the future. Currently the Chinese owned chicken farm in Jefferson Co. (S+R Egg Farm) is dumping chicken shit on the corner of Pioneer and Rocky Lane, which is in our town. That is Chinese owned as well.

Comments: The County's argument is there's no shopping between Oconomowoc and Johnsons Creek which is why Concord needs to be developed. Has anyone looked at Johnson's Creek lately? The shopping areas are mostly empty and the other ones can barely staff the stores. So why put up more stores if the ones they have are dying. I don't believe having more empty stores is good for anyone on the town of Concord. Just seems like a way to ruin another nice town and bring in crime, drugs, and all the things we moved out of Milwaukee for

It is quiet + peaceful and business development will significantly impact the nature and likely we would look to relocate if there is increased business zoning.
